

This review is for general conformance with the design concept.

The contractor remains responsible for the following:

1. Compliance with other contract documents.
2. Confirming with the contract documents.
3. Selecting fabrication processes & techniques of construction.
4. Coordination of this work with other trades.
5. Performing this work in a safe and satisfactory manner.
6. Compliance with the construction methods. It is understood that the engineer's notation on the submittal is not to be construed as an authorization for additional work or additional cost.
